CHRISTMASTIDE

"Christmas.comes but once a year, And when it comes it brings good cheer."

And when it comes it brings good cheer."

So runs the old couplet—and as far as the first line is concerned it is almost universally correct. But it fails to take into account such an exceptional state of things as that to be found in this country. Here we have a large Greek elemant, and while the Anglican Protestant Church and the Latin Churches generally celebrate the birth of Christ on December. 25th, the Greek and Eastern Churches defer their celebration till the 7th of January—the period of the Epiphany. Consequently we get who only protein on the properties of the benefit of the poor is a safe provided the Epiphany. Consequently we get who only put on religion with their Sunday.

en from the Care F. G. DAVIDSON, Suez. origin was distinctly pagan and quite unconnected with the birth of Jesus Christ. Indeed, many early writers holds that it was a special providence that appointed the birth of Christ to take place in the midst of pagan festivals. Menander gives a long account of these, and considers that a festival held on the shortest day—the winter solstice—presented the op-

day—the winter solstice—presented the op-portunity of a transition to the Christian point pretunity of a transition to the Christian point of view; Christ, the sun of the spiritual world, being compared with the sun of the material world. The comparison was carried still further, for as in the material world it is after darkness has reached its highest point that the end of its dominion is already near, and the light begins to acquire fresh power, so, too, in the spiritual world Christ, the spiritual sun, must appear to make an end of the kingdom of darkness. But the date to be observed presented a difficulty, and while the Western Churches decided on the 25th December, the Eastern Churches deferred it till the Epiphany. Hence the difference of dates at the present time. Christmas is a time when absent friends

Churches deferred it till the Epiphany. Hence the difference of dates at the present time. Christmas is a time when absent friends claim a goodly share of our thoughts. Coupled with these, no doubt, in the minds of many Englishmen resident in Egypt, is the regret that they cannot be in the old country "to put their legs under the parental mahogany, and enjoy the roast beef of Old England, or the plump Norfolk turkey. These are things that are perhaps not obtainable in this country. But we would say to our young friends, "Cheer up! Cold storage has been introduced, and ifyou cannetfeast on a good sirlein of Scotch beef, you may get that axcellent substitute, a joint of the rich meat that comes from all parts, North, Central, and South, of the American continent and which loses so little of its flavour in the freezing process, that it is often enjoyed as much as, and even preferred before, — when the source from which it comes is not known—the home fed beef. And the children—(blessthem!), what of them at Christmas time! A glance at the slop windows fully assures us that they are not forgotten. It is worth while to pay a visit to the bazaars and large drapery establishments if only to note the plethors of dolls, mechanical, toys, and, nowelites of all descriptions—that are refored to the purchaser-of presents for the little ones. The Christmastree, too, is quite an institution in Egypt. So we wish to "one and all, both great and small," of presents for the little ones. The Christmastree, too, is quite an institution in Egypt. So we wish to "one and all, both great and small," a very Merry Christmas and a Happy New Year. Now-a-days it is the custom to alter the wish to that for a Happy Christmas, and taking into consideration the very many cases where the season from various causes cannot be a merry one, the old wish often seems a mockery. We can wish everybody happiness from the bottom of our hearts.

The "good cheer" of Christmas is too well established a thing for the old customs ever to be broken. The fashions may change and the Yule Log disappear, but never will Christmas is too well established a thing for the old customs ever to be broken.

their celebration till the 7th of January—the period of the Epiphany. Consequently we get no Egypt two Christmas Days in the year each observed by a large number of commercial men; indeed, so large is the Greek community here that practically business is suspended in most houses on the latar as well as the earlier date. What a boon would this be considered in the busy City of London—at least by the employés, for such a state of things would hardly commend itself to the heads of firms, so greatly would it interfere with business of all kinds in that world's centre.

It is interesting to study the early records of tha observance of Christmas Day. In a pravious Christmas article we showed that its reflection, and reminds us of so many people who only put on religion with their Sunday clothes and feel when they take them off that there is no necessity to think about spiritual matters for another six days. None the less do we rejoice to see the movement extend year after year, and if the progress-is slow we trust that it will be sure. In the large cities of Cairo and Alexandria we have many destitute wandersrs who will be, dead to recover

A Much-Married Man.

A curious story comes from Samalout of a very much-married man. Recently his children asked the Maglis el Hasby at that town to nominate a guardian to look after their father, who, they declared, was wasting his substance in selling fifty one feddans of and marrying a fresh wife for every feddan and marrying a fresh wife for every feddan he disposed of. He thus managed to espouse fifty-one wives. The Meglis el Hasby sancned the application of the childre ordered a guardian to be appointed, but their uxorious father has appealed.

Thought Transmission.

The séance given on Sunday night at the Khedivial Hotel by M. Door Leblanc and his medium before a small but very select audience was a most interesting demonstra tion of conjuring tricks and thought-reading. The performance was divided into three parts. The first consisted in a series of elever conjuring feats, followed by an exposition of the tricks employed to do them. The second part was devoted to thought reading, and here the medium, blindfolded and in a trance without any direct contact with the hypno acts at the request of some of the spectators In the third part the medium, whilst in the trance, transported herself anywhere and gave vivid and exciting descriptions o' what distant relatives or friends were doing at that mo ment in Rossia, America, the Sudan, etc. Th ng broke up with some clever thoughtseading by the "magic hand" table, which by repeated taps on the glass on which is was laid answered all sorts of questions. A the end of the performance it was announced that persons wishing to consult privately the medium with regard to distant relatives or on other points could do so in the morning at the Khedivial Hotel.

WALKER AND MEIMARACHI

LOCAL AND LONDON BOARDS.

An important meeting of the shareholders of Walker and Meimarachi Limited was beld on Saturday afternoon at the Grand Continen Cairo, and 80,000 shares were represented. The chair was taken by Mattre Carton de Wiart, chairman of the local board, and the other members of that board present were George Nungovich Bey, Mr. Constantine

Meimarachi and Mr. Landauer.

Meitre Carton de Wiart said that that assembly was not a general meeting, that it was an act, not provided for in the statutes, but that it was nevertheless a necessary act, although he added, "there are no pessimistic considera tions to preceedby us, as the company's affair are mest satisfactory. According to the statutes the company is English, under British law, and managed in London. Therefor all meetings must be held in London The chairman went on to say that the company has year was in need of funds. The emission was almost entirely covered in Egypt by the members of the board and their friends. Since then the administration had set to work; they had done their best, for already £35,000 worth of business more than at the same period last year; besides they had a quired a valuable property; they bought a plot for £75,000, of which only half was utilized for building the shops on, the other half having been sold for £56,000, thus reducing the price of the remaining plot to £18,000. "How is it. however, that the shares are below par?" be said. The reason is that the two boards, the one in London and the one in Cairo, differed in opi nion in regard to this enterprise. It was not sufficient to wish that the board were transferred to Cairo, but it would be necessary to change the statutes. The shareholders have right to effect this change; they can ask at the general meeting to have the board trans-erred to Cairo. But for the present this is but

Carton de Wiart, "I shall most decidedly not submit to a board in London." An ordinary general meeting will be held in London in orde to examine the accounts, and an extraordinary general meeting to decide whether the above stated modification will be made or not: it would be necessary that all shareholders be resented at this meeting. The chairman, in represented at this meeting. The chairman, in orneluding, made very reassuring statements

in regard to the company's business.

M. Paul Oziol declared that the board should certainly be in Cairo, and blamed the board in London for having delayed six months before commencing the whether it would not be possible to prosecute the English board for their mismanagemen

A considerable number of Egyptian pilgrims are now at Suez en route to Mecca. The town is very crowded, especially the Passport Offices, which are practically surrounded from day break to midnight.

IMPORTANT LAND SALE.

An important sale of landed property a Ghezireh has just been concluded by Messrs. G. Bialobos & Co., stockbrokers of Cairo, wh G. Bialodos & Co., SCOKEDORETS Of VAITO, WHO have purchased from the Egyptian Hotels Company (Bachler) on behalf of a powerful local syndicate a plot consisting of 10,000 square metres at L.B. 180,000, being at the rate of L E. 13 the metre, which constitutes a record price for land in that suburb. The property is situated in close proximity to Ghezireh Palace Hotel and will face the new bridge that is to be erected across the Nile at Bouls It consists of the old building known as the Harem, which has been used lately as an annexe to the hotel. The syndicate intend demolishing this building and erecting on the plot's number

of high-class residences and shops.

The high price obtained for this land partly counts, we are informed, for the sudden rise that has taken place in the last few days in the shares of the Egyptian Hotels Company, which are expected to go still higher in the near future when the company dispose of the remainder of their land at Ghezirel

SAILORS AND SOLDIERS'

The fancy sale at the above institute or the 19th inst. passed off most successfully and pleasantly. A day of sunshine, exquisite music, pacious hall, and the delicious tea provid the refreshment room, all combined to the apacious hall, and the delici

make the afternoon most enjoyable.

At an early hour the children's stall was be sieged by the happy possessors of yellow tickets and a great deal of business was done in a very short time. This stall was most ably resided over by Mrs. Morrison and the Misse Davis, assisted by Miss Claxton, Rev. Graham (H.M.S. Venus), and Mr. E. Henley (E.T.C.), and had been organised and arranged by the ladies betorehand, so that, notwithstanding the rush of little people, there was no confu-sion or disorder. A bookstall, held by the Misses Atkin, was very prefitable. The articles on this stall, though dainty and useful, were inexpensive, and there must have been many purchasers to enable these ladies to hand in the sum of over £6 (including sale of tickets). Mrs. Kingham's flower stall was most artis tically arranged, and transformed that portio of the hall into a garden of beauty. The exquisite "buttonholes" (provided at Mrs. Kingham's expense) sold off rapidly. This lady and her daughter are much to be congratulated upon the great success achieved b heir combined efforts, over £18 being taken

during the afternoon. A large stall, presided over by Mrs. Rees, Mrs Gordon, and Miss Lang-Anderson, with splendid assistance from other ladies, was mosy profitable. The articles were quickly cleared off, and the sum of £27.11.0 (including sales) ot tickets) was realized. At this stall Master

Basil Rees proved himself to be a most suc

essful salesman. session salesman.

Great praise is due to Miss Christabel

Carver and the ladies who so efficiently presided over the refreshments. Nothing could exceed the kind attention shown by these ladies to all, and that the duties were arduous is evident, for within the space of one and a half hours, two hundred people were served with an excellent tea. Mrs. kindly undertook the expenses (hiring crockery etc.) connected with this stall, and contributed amongst other things, the delicious home made

bread and butter.

The following are those to whom thanks are due for contributions to the refreshment and flower stalls, and for valued help in selling forbidden to lead fire arms to natives for any purpose whatsoever. Should fire-arms belonging articles: Judge Sandars, Mrs. J. A. Williams Mr. Chataway, Mrs. Picton, Mr. Kindenico Mme. Debbane, Mme. B. UP RIVER.

THE SEASON AT LUXOR.

(FROM OUR SPECIAL CORRESPONDENT.)

Luxor, Decamber 19. Visitors to Egypt are at length realizin that the trip up-river is far bet er undertaken as soon as the cold weather first makes its appearance in Cairo. Not only do they thus t back to the genial warmth and sunshine get back to the genial warming and but they also are then able to return to the Capital when the high season is in full swing, ed the attractions of society are greate than those of antiquarian research surrounder

Already a great many visitors are in the neighbourhood; some engaged in business which is everywhere increasing, but mostly bent on pleasure and spending a pionic existence among the endless objects of interes oth in Luxor and close round. Dahabeahs both large and small, are constantly arriving unlimited this way of seeing the country has many advantages, and the restful life aboard is much to be desired. Coles Pasha, Mrs. Coles, and their two daughters have been as hore several times these last few days, and Rivel Pasha's steam launch has been at anchor to day while he and his bride have been ex ploring somewhat. Sir W. Ewart and family are staying at the Luxor Hotel for the time being, and Col. and Mrs. Armstrong, Mr. and Mrs. Tite, the Rev. Sams and the Rev. and Mrs. Tite, the Rev. Sams and the Rev. Mr. Fetherstone are also staying at the sam popular hotel, where the garden is one of its chief attractions, with its tennis and croque courts, its shady palms and trees, and its wealth of roses, mimosa, and other sweet!

emelling flowers.

The Countees Hedda de Brockdorff wa also a visitor at the Luxor for a few days. She has now left by the Mayflower for Assonan. where she will spend most of the winter on account of her health. She passes nearly every winter abroad and knows a good part of India and the Bast, but this is her first stay in

Bgypt.

M. Naville is expected to arrive before long el Bahari as forther discoveries at that famous site are sur le tapis, and nothing can be done without him. Many artists are encamping in that neighbourhood, the weather being fine enough to allow them to sleep in the open every night if fancy takes them that way.

There are many advantages accruing from the position occupied by the Savoy Hotel, which lies at the further end of the village to that occupied by the Luxor Hotel and right on the river bank. It is an imposing and comfortable-looking building approached by an avenue of palms and mimosa by an avenue of paims and mimosa; and owns a wide and shady verandah well furnished with easy chairs, and the largest hall lounge at present in Luxor. Tea is often served, too, in the two kiosks at the river gate from whence steps lead to the sailing boats which ply up and down and across the river. This hotel has many old-established patrons, and many of the artists at Deirel Bahari and other places in the neighcourhood make it their headquarters. Among these may be mentioned Mr. Henry Simpson Mr. Walter Tyndale, Miss McCracken, Miss Haddon, and Miss Parminter. The Rev. Dr. Colin Campbell and Mrs. Campbell are spending the entire season at the Savoy. Dr. Colin Campbell is one of the best-known of our present-day Egyptologists, and his regutation must ofttimes be irksome to him : for people seek his authority at every turn, and will not allow him to pursue his investigations in

The Baron von Gruenau, from the Imperial German Consulate General, Cairo, is also staying at the Savoy Hotel.

"RAFALE."

(FROM OUR THEATRICAL CORRESPONDENT) The farewell piece was Bernstein's "Rafale

which is the drama of a gambler. Chasceroy the lover of Hélène de Bréchebel, and repre sentative of a racing stable financed by men whose names do not appear, loses at baccarat some £26,000 which he should hand over to these people as the results of a sale of race horses. All efforts to raise the sum in time fail, and he ends the problem by suicide. course the incidental issues, and persistence which forces his confession her struggle with her rich father seeking advancement among the nobility, but yet only too business-like for he forces her confession in her turn-his interview with the con temptuous, younger son,- all these are an make the play,—a very great play too. And it is the drama of those two. Both Mile Brandès and M. Rousselle were at their height; her frantic efforts with any and every one who might save her lover, the great scene with her father,—these showed how Marthe Brande's can move and hold us. And be also held us—his confession wherein he makes light of all at the end, taking pleasure even n losing, his scene with her father, cynica achable, incomprehensible to the poor ewd parvenu - and, greatest of all that M. Rousselle has done in these six nights, hi lence, resolved, lingering rather than hesitat ing over his farewell to all things-all little iny familiar details of the room that witnessed love elation, lose, and at last decision as o with himself--these scenes were beyond praise. For both of them, we could no ack for words, we could but wait and watch their eyes, their lips about to open perhaps, then close: no word might be spoken, but the silence said all. The scene lived in itself before us, in its own light, created by these

The rest were surprisingly good. M. Gourns and Mme. Laure, the two Lebourgs, were faultless, M. Alerme was, as ever, dry, cynical almost malicious, entirely so when Hé'ène knew and repulsed that only evil condition on which he might and would help her, rancorous in his so-called socialism - but ever quiet driving every point home by the least mark in tone or glance. Those others who had far les to do, did well, well enough to be notice Those others who had far less though these five "principals" overshedowe all else. The play from first to last was shown in its full perfection. And so we have seen the last — for the time being — of Mile Brandès and M. Rousselle. I do no do not hesitate to mention the two together. Though he has not, as I said before, the personality which remains through every part he plays though he is the perconage each time, and no one in many yeung and phases, yet his achieve ments are, I think, no less than hers or those of anyone in relation to the dramas he

We have had six wonderful nights, and een six wonderful plays : and, I hear, we may, during next year, hope for more good things. Ferandy comes in April. Guitry and Antoine may come. Look to it, playgoers of Cairo, that these and the great plays they will inter pret meet the welcome they merit. I am only too glad to say, that though the house was not always filled, the audience showed keener and keener appreciation, night by night; las night every one seemed to hang on every word and every glance of the actors: all the oises, so often a curse to listeners, were stern ly and sharply repressed, and the few effenders s sinning than sinned against by draughts chairs to be moved and other worries, responded by subsiding at once, and rivalling thei judges in keen attention. May it always be so And why not, when the life itself, perhaps of those we know, it may even come to pass, of ourselves, is shown so vivid and keen before our eye", by those who can reveal and beighten its last least phases and details?

OPERA AT ALEXANDRIA

THE SEASON OPENS.

The opera season opened on Saturday nigh with "La Bohème," the well known and ever-popular work of Puccini. The theatre was packed and presented a most brilliant appear The interpretation on the whole may be ance. termed good. "Rodolfo" the tenor (Signor Acerbi) is endowed with a fine and very endowed with a fine and very pleasing voice particularly suited to the music to sing. His singing called for two s." "Mimi" (Signor Belendi Livia) is not a new comer on the Zizinia stage; her interpretation of Carmen some years back is still fresh in the memory of the Zizinia "abonr és." Her rendering of the rôle of "Mimi" was met with much applause. She comsinging particularly good in the death scene of the last act. Signora Frizi did well in the ungrateful rôle of "Musetta." The baryton (Dalbone) and the base Baldasseri were also good, the latter was encored in his solo. The orchestra under, the able direction of the Maestro Zuccapi, nov quite an old friend,—as it is the third year that he has directed the orchestra - could not have been better. It is premature to judge the merits of the troupe on a first performance, or venture on an opinion as to the kind of season we are likely to have. Any such criticism must be left for a later date.

l'ERSONAL AND SOCIAL.

The Duchess of Marlborough, who is at present at Sunderland House, Mayfair, is expected to arrive in Egypt early in the New Year. The Duchess is a strikingly beautiful woman, with dark hair, sympathetic eyes, a peculiar wistful expression, and an exquisitely modelled neck. When the Duchess made her debut as Miss Consuelo Vanderbilt she was admired by all, and her rare type of beauty, graceful, girlish figure and wonderfully soft dear skin must have aroused great envy in the hearts of her fellow debutantes. Nor is she less beautiful to-day.

The Duchess is the only daughter of an American multi-millionaire, Mr. William Kissam Vanderbilt, and, following the American system, she was carefully trained and educated as a girl, receiving a most liberal education chiefly in Paris. During her school years she also travelled a great deal, and there is probably no part of Europe with which she is not well acquainted, while no better means could be ound of broadening the mind and sympathies. She is a god daughter of Consuelo Duchees of Manchester, from whom she takes her Christian name, and it was at her godmother's house that she first met the Dake of Marlborough.

CORPORATION OF WESTERN EGYPT.

REPORT OF THE DIRECTORS.

The directors consider the results attained in the year ended September 30 as evidencing the high intrinsic and economic value of the rights possessed by the corporation. The operations reviewed have not been of an expeditionary nature. The definite ascertain ment of the permanency and excellency of the water supply dispelled any doubts that may have existed respecting it, and clearly revealed the land as the constitutive factor in determining the prosperity of the enterprise. Land development has consequently received primary consideration. The subsidiary works are im portant, and in the opinion of the directors are capable of contributing in no small degree to the corporation's earning capacity, relatively to the land they are quite subsidiary. A preliminary number of bores have been put down, and land for experimental purposes, on which cotton and numerous other crops have been most successfully grown, has been cultivated around each of the finished wells. Pending the completion of the railway, which at the close of the year under review was completely laid to kilometre 67, the number of drilling machines has been strictly limited owing to the excessive cost of camel transport. Mineral research has been actively prosecuted, and a large amount of analytical and exploratory work has been carried out, while actual development of proved beds of earthy minerals has been complished. The directors record that the Egyptian Government have missed no opportunity of extending their assistance to the corporation in matters pertaining to the development of the oaves; and they are confident that the attitude of the Government will continue to be of the most friendly character. Recent expres sion has been given to the determination of the Government to assist the corporation in its operations in every reasonable way. In order to complete the railway to Khargah as early as possible in the coming year and to cope with the work of land reclamation on a large scale, LONDON, December 23.

DEAN BUTCHER'S RETIREMENT.

HIS OLD PARISHIONERS.

The following communication has been received by Lord Cromer : -

To His Excellency Lord Cromer, P.C., G.C.M.G., &c., &c., &c.

My Lord,-I read with extreme pleasure in the "Pall Mall Gazette" of the 7th inst., that your Lordship presided at a meeting of the English and American residents in Cairo, to consider the question of presenting a testimonial to the Very Rev. Dean Butcher. It has occurred to me that it would, perhaps, be interesting to your Lordship and those with whem you are eting, to know the opinion of the parishioners of Hammersmith on the departure of Mr. Butcher 42 years ago after having served as Carate of the Parish Church for five years.

The enclosed statement will appear in the Paul's Parish Magazine for January next, and if your Lord-hip shou'd consider it would be of interest at the present juncture you are at liberty to communicate any portion of it to the English press in Cairo.

As a lad of 12 years old I have a distinct recollection of the kindly feeling entertained by all classes for Mr. Butcher, and the universal regret at his departure ; I also remember with gratitude his kindness to my sick mother who died the year after he left.

I trust your Lordship will pardon me for venturing to address you, but I could not resist giving you this information regarding one for whom I have always entertained the highest feelings of respect and affection .-

Hammersmith, December 13th.

The following is the statement referred to

DRAN BUTCHER In June, 1864, the Rev. Charles Henry

Butcher, M.A., resigned the curacy of St. Paul's. Hammersmith, to take up his duties as Consular Chaplain at Shanghai. During the ive y are he had worked in Hammersmith he had endeared himself to the parishioners. Happily there are a few of the present

congregation, of whom the writer is one, who remember his sterling worth as a minister and preacher, and who still regard him with affectionate remembrance.

It was confidently anticipated that Mr. But cher would make his mark in the Church, and his services were so highly appreciated that in 1876 he was raised to the dignity of Dean of the Cathedral of the Ho'y Tinity, Shanghai.

In 1883 he resigned the Deane y, and appointed Chaplain of All Saints, Cairo, Mr. Butcher also held the office of E. C. Archdeacon in Egypt from 1890 to 1896. Advancing years nave now compelled his retirement. Here follows a report of the recent meeting

at the British Agency where it was announced that the testimonial would take the form of a purse of gold. The Parish Magazine's article then proceeds as follows] It may be of interest to recall a similer pre-

sentation as the one proposed which was made by the congregation of S: Paul's, Hammersmith,

address, a silver salver, and a purse of £100. It

was presented on the occasion of a school treat held in the grounds of an o'd house in Shapherd's Bush Road, known as 'The Poplars,' the site of which is now marked by Poplar Grove. The chair was taken by the Rev. J Connell, Vicar, who was supported by Mr W Smith, Churchwarden (founder of Smith's Almshouses), Dr. Moxey, Mr Wing, Mr. James Hant, Mr. A. J. Roberts (late Vestry Clerk), Rev. W. L. Collett, late Vicar of St. Stephen's, and other leading parishioners.

The Vicar read the following address. Hammersmith, St. Paul's Vestry,

Jane, 1864

To the Rev. Charles Henry Butcher, M. A. Ray, and Very Dear Sir,

In response to the very general desire of the Congregation of St. Paul's a Testimonial Subscription List was opened shortly after the ahnouncement of your anticipated removal. It was felt instinctively that your earnest pastoral labour, diligent care, and unwearied anxiety for the spiritual welfare of our densely populated parish during five years' residence as as should not pass away without special recognition and record. These sentiments, strengthened in many by feelings of deep personal regard and affiction have found their natural expression (at this janeture) in the eager anxiety of all classes without exception to participate in a parting evidence of goodwill and Christian sympathy. It has been judged best to leave our united freewill offering (to which the poorest have heartily contributed according to their ability) entirely at your disposal rather than convey it in a form (however gratifying) which might prove cumbersome it not useless in your far-off home and untried position. Be assured we express alike our own and the spontaneous universal feeling of all with whom you have been associated here when in taking leave we wish you and yours health and happiness, but above all that in your future sphere of duty you may experience personally and be made to others a rich source of abundant blessing approved unto God, a workman that needeth not be ashamed, rightly dividing "The Word of Truth."

We have pleasure in signing ourselves or behalf of subscribers and friends,

Reverend and Dear Sir.

Yours most sincerely, JAMES CONNELL, Vicar of Hammersmith. WILLIAM SMITH Churchwarden. EDWARD BIRD, JOHN C. SWAIL, JOSEPH CROOKES, CHAR LES ANDREWS.

The salver bore the following inscription :-Presented to the Rev. C. H. Butcher, M.A., with Purse of Gold, by the Congregation of St. Paul's Hammersmith, and other Friends in appreciation of is earnest Christian Ministry, and as a token of thei deep personal regard." ie, 1864

The Rev. Mr. Butcher, whose occasionally faltering voice betrayed the emotion be felt, replied in very grateful terms, concluding by expressing his pain at parting with his friends at Hammersmith of whom he should always think with the deepest regard.

The few remaining friends with whom be parted 42 years ago wish him many years of peaceful happiness after his long and ardnons service for the Master, and should opportunity offer would extend him a hearty welcome to the scene of his first curacy, somewhat altered since he left it, and we are sure this feeling 42 years ago.
The testimonial consisted of an illuminated gregation of the new St. Paul's Church. will be shared by every wember of the con

THE PORT SAID AFFAIR.

TO THE EDITOR OF THE "EGYPTIAN GAZEPTE."

Sir,-I am sure that a number of your readers will agree with me that the police officer who had the misfirtune of colliding with two pas sengers in the Rae de Commerce, Port Said, on Thursday last deserves great sympathy, and may we hope that the Government will not be backward in acknowledging the gallant services of their worthy officer and of the manner in which he performed his duty. The promptitude of the whole business is amazing and worthy of note. The steamer arrived at about 10 a.m. and within two short hours one of the two gentlemen had not only committed the offence but had been tried before His Majesty's British Consul for drunkenness and assault, and before 12 o'clock was in the native prison serving his term of seven days. One cannot help went ing how in so short a time, with a prisoner, as, I understand under the influence of drink, the authorities were able to satisfy themselves that they were dealing with a British subject. Such satisfaction it seems they did have, insemu as the prisoner was dealt with by the British Consul General.

However, Mr. Editor, without occupying more space, may I anggest that it would be an opportune, moment to open a subscription list for the purpose of pressuting the constable with a memento of the event—and as it seems he came off with a damaged tarbouche, I hardly think we could do better than let such a presentation in the absence of a Victoria Cross take the form of a new piece of headgear. It others of the British community will give their support I should be delighted to open the list with a donation of ten milliemes. Thanking you for the space,—Yours, etc.,

PIGEON SHOOTING AT HELOUAN

TO THE EDITOR OF THE "EGYPTIAN GAZETTE." Dear Sir,-I am an occasional visitor to Helouan, and last Sunday I was surgrised to find that pigeon shooting was being carried on during the aftersoon, very close to one of the principal hotels, so close, in fact, that one lady visitor informed me that a few days before, after a pigeon shooting match, five wounded birds had fluttered into her room through the open window. I will not express my views as to the cruelty of this so calle sport" of pigeon shooting. Most English people, believe, have decided opinions on the subect. I would merely suggest that if the hotele in Helouan wish to lose their British patronage, there is no easier way for them to bring this about than by allowing this forms of sport to be carried on at little more than 100 yards distance from their visitors' bed rooms.—I am, etc.,

POLO TOURNAMENT-LADIES NOMINATION.

REPLAYED PINAL.

As our readers will remembers this match, last week ended in a draw with the score at two goals all. On Saturday Mr. Tollemache was unfortunately, owing to an injured knee, unable two play, and Capt. Sterling took his place We were glad to see a large gathering assembled to wirness the match, and much excitement prevailed. Copt. Sterling played a very good game at No. 1 and was of invaluable service to his side. Capt. Dunbar was playing in his best form, and made one beautiful long shot at goal. Sir Walter Barttelot was slow in turning and lacks dash. Major Patterson again distinguished himselt, playing a very plucky up-hill game, combining strong defence with an occasional dash up into the game. Capt. Leigh played a coundy sufe No. 8, showing a good knowledge of the game, but was handicapped by his No 2, Mr. Hadow, whose play was very disappointing: he saust learn to tern his pony before and not after his No. 4. makes his stroke, and to "take his man" and stick to him.

there was too much play round the ground, and that there were very few backhanders into the centre.

The teams were as follows :-RED.

Dunbar got away, but missing his stroke let in the whites and Mr. Aldam turning well before his back got in his stroke, scored eleverly. After this Reds played up, and were unlucky not to score.

SECOND CHUKKER. - Reds continued to play strong game and were attacking all the time. Capt. Dunbar with a long shot scored their first goal, and shortly afterwards another was

added. Score: 2 to 1.
TRIED AND FOURTH CHUKKERS.—Both sides were playing up their hardest, but the Reds had the advantage throughout, Majos Patterson barely saving his goel more than once. He, however, nearly equalized from a brilliant rush up the ground within one minute of the bell

Mrs. Bullock kindly gave away the prizes, and so ended a most evenly contested and enjoyable tournament.

BULLETIN DE LA BOURSE

A l'occasion des fêtes de Noë' et du Nouvel An, il y a cossation d'affaires anjourd'hoi, demain et après demain, 24, 25 et 26 courant, ainsi que lundi, mardi et mercredi prochains 31 décembre 1906, 1er et 2 janvier 1907.

Nous apprenons que M. François Rom, ban quier au Caire, vient d'être nommé administrateur de la Société Générale Egyptienne pour l'Agriculture et le Commerce, en remplacemen de S. A. le prince Ibrahim Hilmy, démis-

La Société des Egyptian Hotels (Baehler) vient de vendre à un groupe de propriétai e-du Caire un lot de son domaine de Ghezireb de 10,000 m.c. pour L E. 130,000, ce qui met le m.c. & L.R. 13.

Ce lot, situé à l'entrée du nouveau Pont de Boulac, donne sur le Nil et sur la prochaine route du Tram qui conduira aux Pyramides il est sans servitude, avec la faculté de cons truire des maisons de rapport, ainsi que des magasins.

Nous ne nous sommes nullement étonnés de la hanssa produite ces jours-ci sur le titre de la dite Société et nous verrons encore des prix beaucoup plus élevés, étant donné la plus-value justifiée des terrains du dit domaine de Ghezirel

Cette vente a été conclue par MM. J Bial bos & Co., agents de change au Csire.

Une assemblée officieuse des actionnaires égyptiens de la Société Walker & Moimarachi s'est tenue vendredi au Caire dans un salon du Grand Hotel Continental, sous la présidence de Me Carton de Wiart. MM. Nungovich Bey et Meimarachi y assistaient. Environ 80 000 actions étaient représentées.

Me Carton de Wiart a rappelé que la ré cente émission des Walker & Meimarschi a été presque entièrement converte en Egypte par les membres du conseil et leurs amis. Depuis, les administrateurs ont fait de louable afforts qui ont été couronnés de succès, puisqu'il a été fait pour 35,000 livres d'affaires de plus que l'année passée à la même époque. En outre, la moitié d'un terrain qui avait coûté en tout 75,000 livre, a é'é revendue pour 56,000; la moitié restante, réservée pour la construction des magasins, revient ainsi à 18,000 livres coulement.

Si done l'action a baissé, en dépit de ces brillante résultats, il faut en chercher le motif dans le désaccord qui règne entre la direction de Londres et celle du Caire : celle-ci étant la plus compétente, il est urgent de reviser les statuts et de transférer le conseil au Caire. C'est dans ce but que les actionnaires égyptiens doivent se groupar et se faire tous raprésenter aux assemblées gé érales ordinaire et extraordinaire qui vont se tenir prochainement à

M. Paul Oziol, prenant ensuite la parole, a vivement b'âmé les administrateurs de Londres qui depuis six mois retardent le commence ment des travaux : il a demandé aux adminis trateurs locaux d'examiner si on ne peut pas poursuivre les administrateurs anglais pour leur manvaise gestion.

Il résulte, en somme, de l'ensemble des décla rations faites à l'assemblée que la situation de la société est des plus rassurantes et qu'il ne lui faut que l'unité de direction pour faire progresser seraffaires et déterminer une repris du titre. Espérons que ce résultat sera obtenpar le concours général des porteurs égyptien à la prochaine assemblée de Londres.

NOTES ET CRITIQUES

Le Caire, 22 Décembre 1906.

Le taux de l'escompte libre à Londres] reste 6 / Hier, au Stock Exchange, le Consolidé anglais est demeuré inchangé à 86. L'Unifiée haussé de 1/4 à 103 1/4, de même que la National Bank à 28 1/2. L'Agricole a perdu 8 à 9 5/8. La Daira est restés invariée à 17 1/2, aiusi que la Dalta Light à 12 1/4.

A Paris, le Crédit Foncier Egyptien a encore rétrogradé de 2 france à 780. La Barque d'Athènes s'est maintenue à 140 francs.

La fermeté qui s'est manifestés hier sur notre marché des valeurs s'est encore accentués ce matin par suite d'un bon courant d'achats. La séance a été animée et les cours de clôture accusent, en général, une plus value sur les prix d'hier.

Dans le compartiment des Banques, la National s'est raffermie à 28 7/16. L'Agricole a progressé à 9 11/16. La Cassa di Sconto a avancé à 274-275. Le Comptoir Figancier s'est inscrit à 7 11/16; sa part de fondateur, qui avait c'oturé hier à £ 68, a haussé à 81, gagnant environ 20 livres en deux séances. La Banqne d'Athènes a réactionné à 136-137.

Le Crédit Foncier est resté à 782-783. La Daïra a faibli à 17 3/8. La Béhéra est remontée à 42.

L'action Entreprises Immobilières et Travaux, qui a c'ôturé hier à L.E. 14, a débuté aujourd'hui à 14 1/2, acheteurs, pour monter 14 5/8, 14 15/16, 15 et cloturer ferme à ce dernier prix. L'opinion s'accrédite, en Bourse, qu'il existe un découvert et l'on s'attend de plus en plus à des surprises. La part de fondateur a été trai és à P. E. 100.

Les Allotments out fléchi à 3 13/16-7/8 et leur part à 153. Les Zwiffa Nahas out c ôturé à 4 1/2.

La part Bourse du Caire, dont nous avons parlé bier, a dégringo!é de livres 150 à 130, vendeurs. Le simple bon sens indique qu'il fant s'attendre à un véritable eff indrement.

Dans le groupe des va'eurs hôtelières, les Nungovich ont avancé à 2?, les Egyptian à 10 1/16-1/8 et les Upper à 5 3/8.

Parmi les patites valeurs, les Delta Land se sont consolidés à 4 11/16. La part de fondateur Betates a gagné 1 livre environ à 19 1/4. Les Abdy ont été traités à 1 7/16. Les New Egyptian sont remontés à 33 sh. 3, les Markets à 31 sh. et les Oasis à 1 3/8-7/16. Les Hookers se sont alourdis à 1 1 1/15. Les United Lands ont été négociés à 1 3/16 et leur part à 6.

Il ressort d'une lettre circulaire en date du 20 Décembre courant, adressée par le Comité de l'honorable Corporation des Agents de change du Caire aux membres de cette Corporation que la compensation ordinaire d'hier 21 Désembre sera psyable à partir de mercredi prochsin 26 du courant, les Banques étant ermées le mardi 25.

Les règlements de fin courant seront effectués le landi 31 Décembre. Les titres devront être scoeptés dès leur présentation et réglés immé die tement soit par chèques signés, soit par nu méraire avant 1 heure de l'après midi.

Cette lettre circulaire est signés: "Pour le Com té et par ordre, le Secrétaire D. LENOS. Dont acte.

Il nous est impossible de répondre sans reard, par lettres séparées, à toutes les demandes qui nous sont adressées relativement à l'objet le la prochaine Assemblée générale extraordinaire de la Société d'Entreprises Immobilières et de Travaux, convoquée au siège social au Caire pour le 2 Janvier 1907.

C'est pourquoi nous prenons le parti d'expe-ser ici "grosso modo," d'après certaines rumeurs, le projet qui sera soumis à cette Assemblée.

On croit savoir que les actionnaires désirent donner au co. seil d'administration les pouvoirs les plus étendus pour amortir, s'il y a lieu, au fur et à mesure des disponibilités, un certain nombre d'actions de la Société.

Il va de soi que la question sera discutée par l'Assemblée, qui aura à se prononcer définitivement.

Or, si ces rumeurs sont exactes, un groupe important d'actionnaires insisterait sur l'a doption de cette proposition, après avoir, bien entendu, fait assurer la mise à la réserve des sommes indiquées par les Statuts, après le paiement de l'intérêt statutaire de 7 % aux actions et la répartitiou du solde dans les

conditions prévues par l'article 38 des Statute.

A cet effet, il sera procélé, comme le fait déjà la Société des Esux du Caire, au tirage an sort d'un certain nombre d'actions qui se ront ensuite amorties (conformément aux déci sions que prendrait l'Assemblée), c'est-à-dire remboursées au pair.

Les détenteurs des titres sinsi amortis, re cevront en échange

1° En espèces, les sommes versées par enx 2º Il leur sera délivré gratuitement une par de jouissance qui aura donc la même valeur que les actions ordinaires, moins les L.E. 3 déjé ver ées pour chaque action, et qui aura droit exactement aux mêmes avantages que ces actions, sous déduction, bien entendu, des 7 % Atablia conformément à l'artic'e 38 des Statuts De sorte que, dans un certain délai, l'actif

ocial se composerait : 1º de tant d'actions ordinaires ;

- 2º de tant d'actions de jouissance;
- 3º des 87,500 parts de fondateur déjà existantes

On voit par cet exposé succint que l'on om voit par ces capore aurait mauvaise grâce à persister à ne pas comprendre la portée du projet dont il s'agit. En dehors de ce projet il y en aurait d'autres. sur lesquels nous sommes, pour l'instant, tenus

The direct route to Sirily is by the Florio Rubattino Co's steamers, which leave Alexandria weekly for MESSINA, where one takes arisin to TAOIMINA, one of the most charming and popular places on the island. Giardini is the station at which to alight, and the drive up to Taormina is most delightful, occupying about one hour. In and around the town is much to interest the visitor. The theatre is of Greek origin, but restored under the Romans. CATANIA is the starting place for the ascent of Etna, and here also is a hime Catherland. The Greek, Roman, and Saraconic remains that are found all over the island, are an encless source of pleasure. SYRACUSE has an interesting history, having been a Greek city, which was designed by Demosthenes in B.c. 413, and taken by the Romans in C. 212, when Archimedes was slain—his tumb is to be seen. The catherlar was once an ancient page temple. PALERMO, with about 300,000 inhabitants, is the capital of the Island, and enjoys a deligitful climate Much of interest to be found in this fine city. The Palazzo Reals is of Saracenic origin and close to it the church of S. Giozumin dedic Event's with the church of S. Giozumin dedic Event's contract and

The fine steamers of the North German Lloyd leave Alexandria every Wednesday during the season for Naples, the voyage being only 3 days.

The Cascine is the most attractive and fashionable promeande in Florence, whilst the Viale dei Coli, one of the finest walks in Europe, opened 35 years ago, goes winding up through the hills a distance of four miles. The most delightful excursion outside Florence is that to Vallow brosa, with its Monastery 3,300 feet above the sea level. This is made first by ordinary train from Florence to 8t. Ellevo, thence by cog-wheel railway to Natlino. The ascent through groves of oaks takes an hour, and most striking panoramas are unfolded to view. IPSA is easily reached from Florence in about 2 hours; here there is a fine Cathedral and the Leaning Tower. VENICE is a 5 hours journey by rail from Milan, and one of the most delightful places imaginable to pass a quiet stay. The total absence of vehicular traffic strikes one as very strange; no horse, cart, carriage or bicycle is to be seen, and yet there is the sound of life at every turn. The approach the Venice from the Adriatic is unlike that of any other sea-port. The town seems to be gradually, like Aphrodite, born of the sea, no hills behind, no stretches of rook, but first the tops of Cam-paniles appear above the horizon, then slowly the whole glittering town rises like a fairy the whole glittering town rises like a fairy tretches of rock, but first the tops of Cam-aniles appear above the horizon, then slowly he whole glittering town rises like a fairy image out of the calm lagoon. LUGANO is some 20 miles from Como, and reached by train in one-and-a-half hours. It has a population of 10,000 people and is charmingly situated on the Lake of Lugano, amidst lovely Italian scenery. Around it rise M San Salvatore, M de Caprino and M. Generose. LOCARNO may be reached by rail from Belliamona in forty minutes. This pretty town, situated at the top of Lake Maggiore, has a mild climate, and is an excellent winter resort. LUCERNE—A striking picture on the Lake of Lucerne facing the Rigi and Pilatus and the snow-lad Alps.

In and around the town the walks are charming, and the excursions to be made from Lucerne by boat, rail, etc., are very numerous. The Lake of Lucerne abounds in delightful excursions, those to the Rigi, Pilatus, Burgenstock and Somenberg needing a special visit seem of the Rigidal South of th

Many people visitGreece after wintering in Egypt, as it is so easily reached from Alexandria, the climate in April is charming. The best steamers are those of the Khedivial Mail Co. and Russian Steam Navigation Co. If possible tourists should arrange to be in Athens for the Orthodox Easter in order to witness the Good Friday and Easter Eve eremonies, and to be present at the dancing on the Easter Tuesday festival held at Megarafor which a special train is run from Athens. It is worth while to spend a few days in CORFU on account of the beauty of the scenery. There is also good snipe and quail hooting to be had.
